

18<sup>th</sup> April 2020

Well, another weekend is upon us and it's getting hard to tell the difference between the days isn't it? That's one of the reasons I'm finding daily prayer even more beneficial than usual. It marks out the beginning and end of each day and gives us some clarity as to whereabouts we are in the week.

I would like to invite anyone who is receiving these e-mails (or e-pistles as I've christened them) to make contributions, if they wish, as I'm sure that people would be delighted to hear the views, thoughts, ideas or jokes of others. I'm well aware of my limitations and don't want this important contact point to become boring or too 'samey'.

On that note here is something that will certainly use up some of your time.

Provided by Pam Saunders, here is (attached) a quiz on Bible books, how many can you find?

There is an extra Hymn attached for this Sunday, which I hope will be led by the AwAS choir!

Do please join us at 'Virch' for Mass on Sunday at 9.30am and daily (except Friday) at 9am and 5pm for morning and evening prayer. All available on our Facebook page or the Parish Web Site. If you have friends who might like to join us, please ask them to send me their e-mail address and I'll gladly add them to our mailing list.

And Finally...from Julia's daughter Sally - I have got a math joke - but I am 2<sup>2</sup> to tell it.

And from anonymous friend - Did you hear about the mathematician who was afraid of negative numbers? He'll stop at nothing to avoid them!

Q: What's the best thing about Switzerland?

A; I don't know but the flag is a big plus.

Oh dear, I'm afraid it's only going to get worse!
