

29<sup>th</sup> June 2020

Greetings dear friends. All very busy at the vicarage this morning with the electrics being assessed at 8am and a chat with the people who sort out my tax return at 8.30am. Just hoping I can be done in time for morning prayer!

We all get days like this though, when everything happens at once and it's all a bit of a rush. I imagine it's like that for many businesses at present as they attempt to get things sorted out as they re-open for business. Some will remain quiet I suppose but others will be very hectic indeed. When the hairdressers open it will be madness. It looks like that old saying about people always needing a hairdresser is actually true! I've heard more people express relief about getting their hair done than anything else.

I'm hoping that we can begin towards a more normal life at church and will update you as we know what's going on. Have a good day and God bless you. Tom

And finally... I used to go out with a javelin thrower but she chucked me!

Canon Tom Page

Vicar Ascension with All Saints

Chelmsford
